

EAR 7: FOOD PREPARATION & NUTRITION - EXTENDED ENQUIRY

You will produce a **professional Extended Enquiry portfolio** alongside your course in Food Preparation & Nutrition. You will produce the portfolio using your computer on the computer and you will submit your work to a folder on **OneDrive** using your school email address.

It is your responsibility to ensure that you can access your school email address until the deadline to seek help from the teacher. You can ask your subject teacher or form tutor for help with your email address.

1 - You will need to produce a PowerPoint page of information using ICT about a consumer profile that you produced in the lesson. The profile will be linked to the portfolio.

2 - You will need to type up a second PowerPoint page and add the additional information about consumer profiles from your work in the lesson.

3 - You will need to type up a third PowerPoint page and add your Cereal Basis and information that you learned about carbohydrates.

Access Criteria for a Brilliant portfolio (check one when you have completed)

That you are completing the work has been set each week. Do not leave it until the last minute, the teacher may ask you to hand it in after week 1 or 2.

Organized- You will need your notes from the lesson in order to carry out this work. Keep it somewhere safe in your folder.

The portfolio should be a piece of work that you will be able to refer to next year.

Hand in date:

Remember that all work must be your own!
